Winning Technology.

It's time to get into race-winning motocross technology, and the way to do that is with Kawasaki's KX line. The KX125 and KX250 have a solid history of track success, while the KX60, KX80 and

KX100 share the same race-winning technology found on the 125s and 250s.

If you want winning technology from a proven winner, race into:

KX125 & KX250

- New Style and Design
- Superior Performance
- Lower-Profile Seat for Improved Rider Mobility

KX60/KX80/KX100

- Technology Based on KX125 and KX250
- The Choice of Real Racers
